    Excerpt: *And again, he adviseth to Circumspection and Care,*
        even in the smallest Matters, because sometimes
        a little Neglect may breed great Mischief; adding,
        For want of a Nail the Shoe was lost;
        for want of a Shoe the Horse was lost;
        and for want of a Horse the Rider was lost,
        being overtaken and slain by the Enemy,
        all for want of Care about a Horse-shoe Nail.
